## East Lake County's Rich History

The East Lake County Chamber of Commerce has an active interest in preserving the artifacts of Florida's rural past. Our office is home to many notebooks filled with stories, records and pictures documenting the progress of the area. The Chamber was once housed in one of Sorrento's original residences and is currently engaged in planning a new office which will honor the rural traditions that founded this community.

East Lake County's pasture land has become a magnet for horse farms and large tract developers. Several upscale neighborhoods cater to the desire of gentleman farmers with gated pastures and grazing horses.

Our residents of Sorrento are some of the most industrious people you will ever meet. Agricultural pursuits take many forms and provide an interesting blend of economic resources for the area.

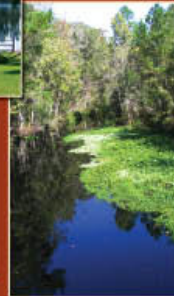

The members of the East Lake County Chamber of Commerce invite you to join us and help our community and businesses grow together.

*The waterways of East Lake County provide limitless opportunities for recreation.*
